RESPONSE TO THE STAFF'S SECOND SET OF DATA REQUESTS
IN DOCKET NO. T-20544A-07-0456
(Delivered by Email from Ms. Candrea Allen)**

Q1. According to the application, BCI is currently providing service in Alabama and Florida. How many employees does the company currently have in Alabama and Florida.

R1. Baldwin County Internet/DSSI Service, L.L.C. (BCI or the Company) currently has one employee – Jeffery L. Hathaway. As with many start-ups, BCI outsources most of the functions normally found in a business.

BCI changed its business strategy in early 2007, selling the assets associated with the basic local exchange CLEC business in Florida and Alabama, while maintaining operational responsibility and management. The new strategy encompasses the carrier-to-carrier transport described in its application for a CC&N in Arizona and includes outsourcing most business functions initially. The business will be evaluated in the future to ensure that the optimum employee/outsourcing mix is in place.

Q2. Has BCI been approved in any other state or has the Company commenced service in any other state since the application has been filed in Arizona?

R2. Yes. BCI received certification as a CLEC in Nevada and Wisconsin since the Arizona application was filed. In addition, discussion with the Colorado Staff determined that BCI's transport business in Colorado could be operated without CLEC certification – just registration as a business. BCI will do so.

The Company has not begun operating in Nevada, Wisconsin, Colorado or Mississippi. It expects to begin service in these 4 states in 2008.

BCI also received statewide cable franchise authority in Florida and Texas. This permits limited transport services to private cable operators in these two states, with operations beginning in early 2008.

The Company has outstanding applications for CLEC certification in Georgia, Virginia, Illinois, and New Mexico. It expects to file in other states in the near future.

- Q3. If BCI has commenced service in any other state, please list the number of employees in that state as well.**
- R3. Not Applicable. BCI has not commenced service in any states other than Florida and Alabama.
- Q4. The Company filed a Certificate of Registration rather than a Certificate of Good Standing in the application for a CC&N. Please provide a copy of the Certificate of Good Standing.**
- R4. A copy of Baldwin County Internet/DSSI Service, L.L.C.'s Certificate of Good Standing in Arizona is attached to this response.
